

Screen 1 of 8

Home feed

Thisis the firstscreen yousee when you open TrueFeed. It shows the latest news from trusted and untrusted sources, with a quick label on each story telling you how reliable it is.

Fea t ur es

- Each story has a label: Verified, Caution, or Unverified.
- Each story shows a match score, which tells you how closely the headline matches what the article actually says.
- You can see the source name and how long ago it was post e d.
- The search bar and filter button at the top help you find specific news.

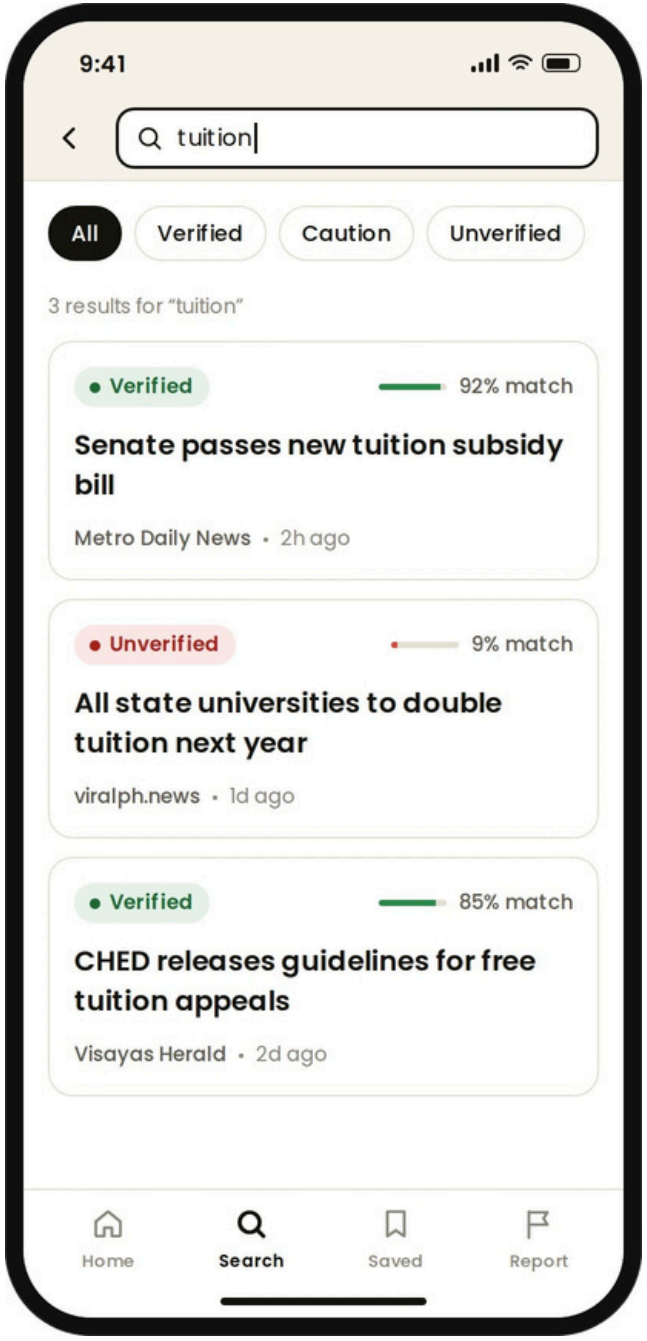

Screen 2 of 8

Filter

Tapping thefilter button opens this panel. It lets you choose which kinds of stories you want to see in your feed.

Fea t ur es

- Show only Verified, Caution, or Unverified stories.
- Pick topics like Education, Politics, Local, Tech, or Health.
- Sort stories by newest first or by highest match score.
- Tap Reset to clear your choices, or tap the black button to see the results.

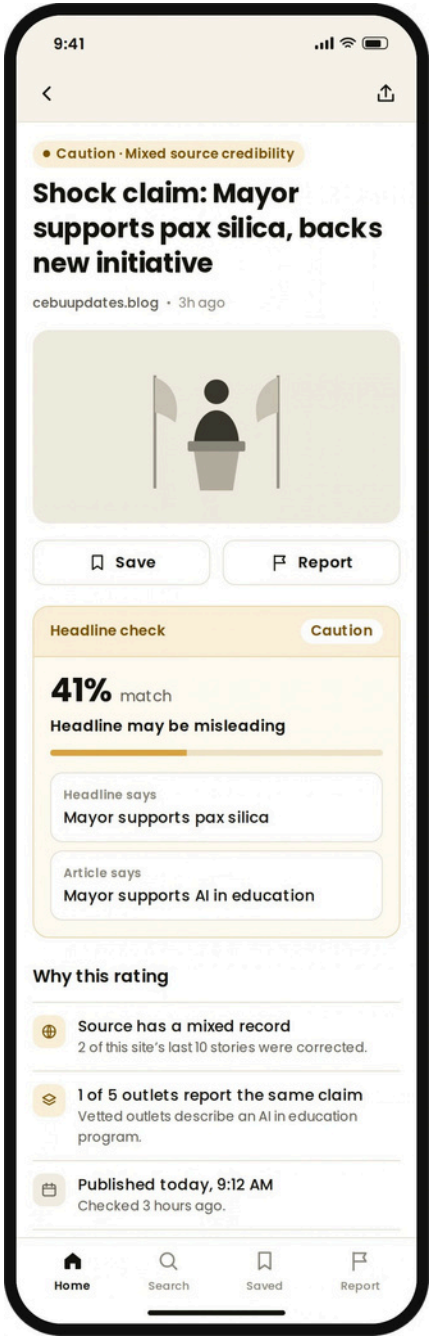

Screen 3 of 8

Sear c h

This screen lets you look up news by typing a word or topic. The results use the same labels and match scores as the home feed.

Fea t ur es

- Type any word, like “tuition”, to find related stories.
- Tap Verified, Caution, or Unverified to narrow the results.
- The app tells you how many stories it found.

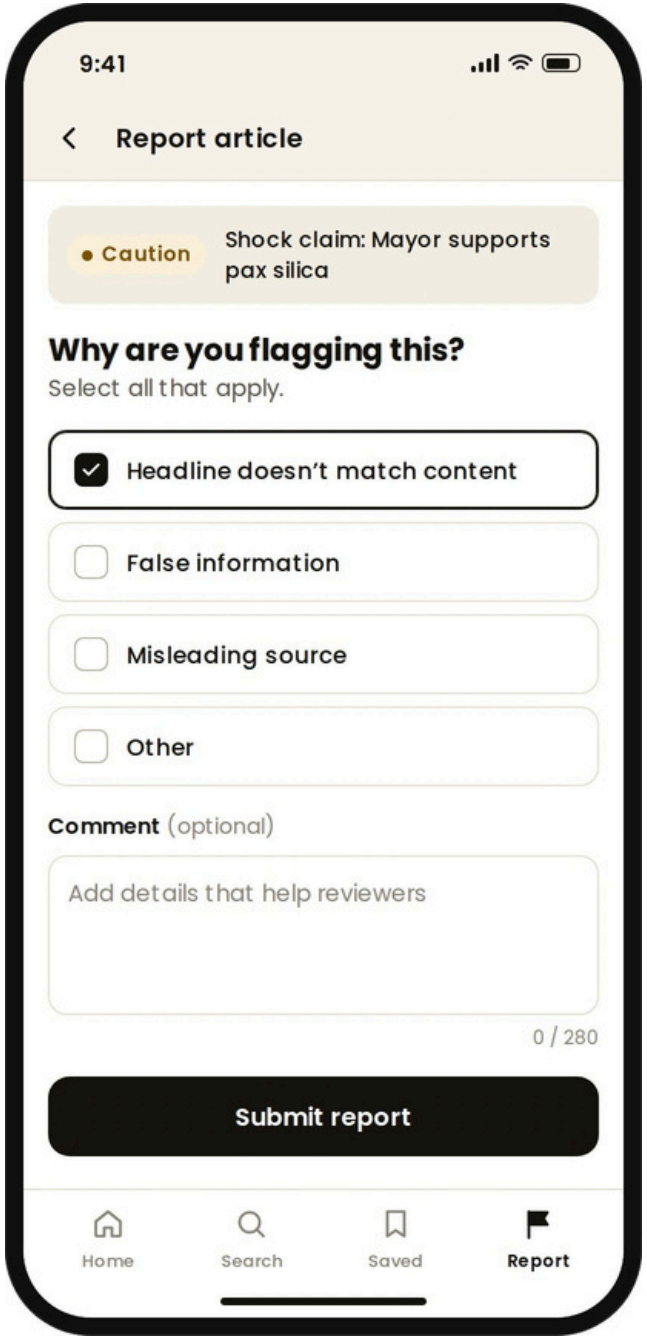

Screen 4 of 8

Article and Headline Check

Tapping a storyopensit here. Thisscreen explains whythe story got its label, so you can decide if it is safe to share.

Fea t ur es

- The Headline Check box shows the match score and whether the headline may be misleading.
- It shows what the headline says next to what the article really says, so you can spot the difference yourself.
- The “Why this rating” section lists the reasons: the source's track record, how many other outlets report the same thing, and when it was checked.
- Tap Save to keep the article, or Report to flag it.

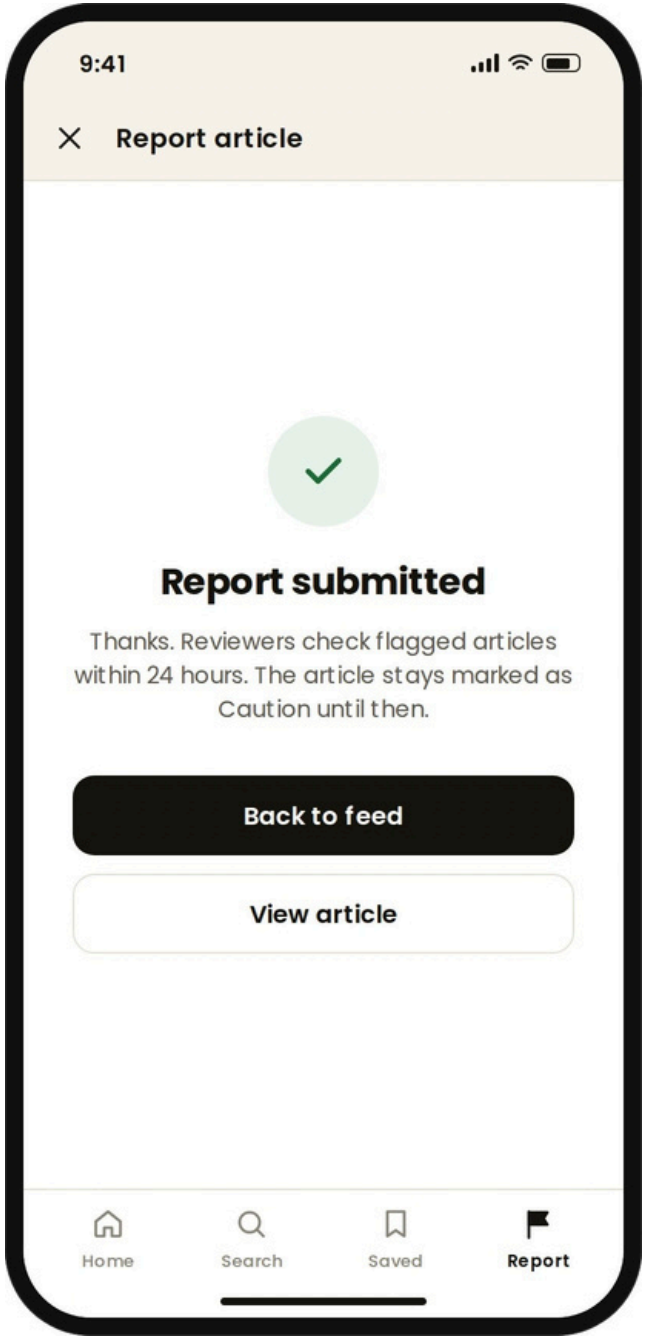

Screen 5 of 8

Report an article

Ifyou thinkastory is fakeormisleading,you can report it here. The story you are reporting is shown at the top.

Fea t ur es

- Choose one or more reasons: the headline doesn't match, false information, misleading source, or other.
- Add a comment if you want to explain more. This is optional.
- Tap Submit report to send it.

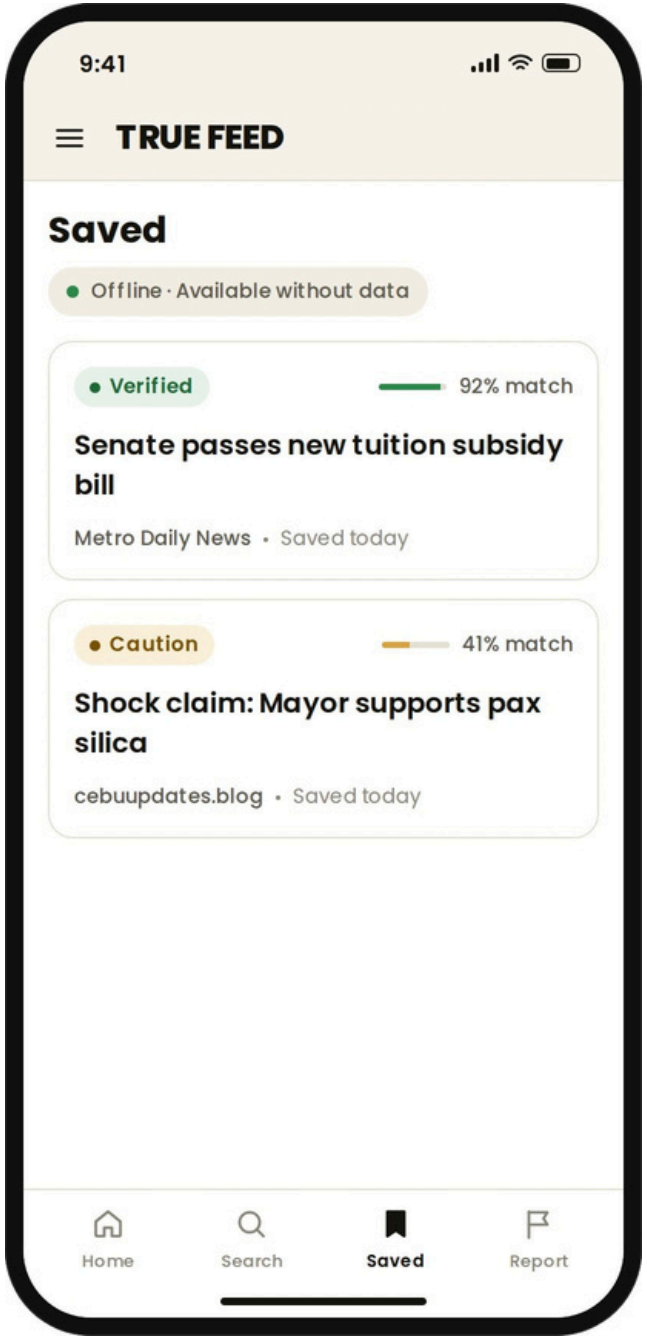

Screen 6 of 8

Report sent

Afteryousubmitareport,this screen confirms it went t hrough.

Fea t ur es

- Tells you the report was received.
- Explains that reviewers will check the story within 24 hours.
- Lets you go back to the feed or return to the article.

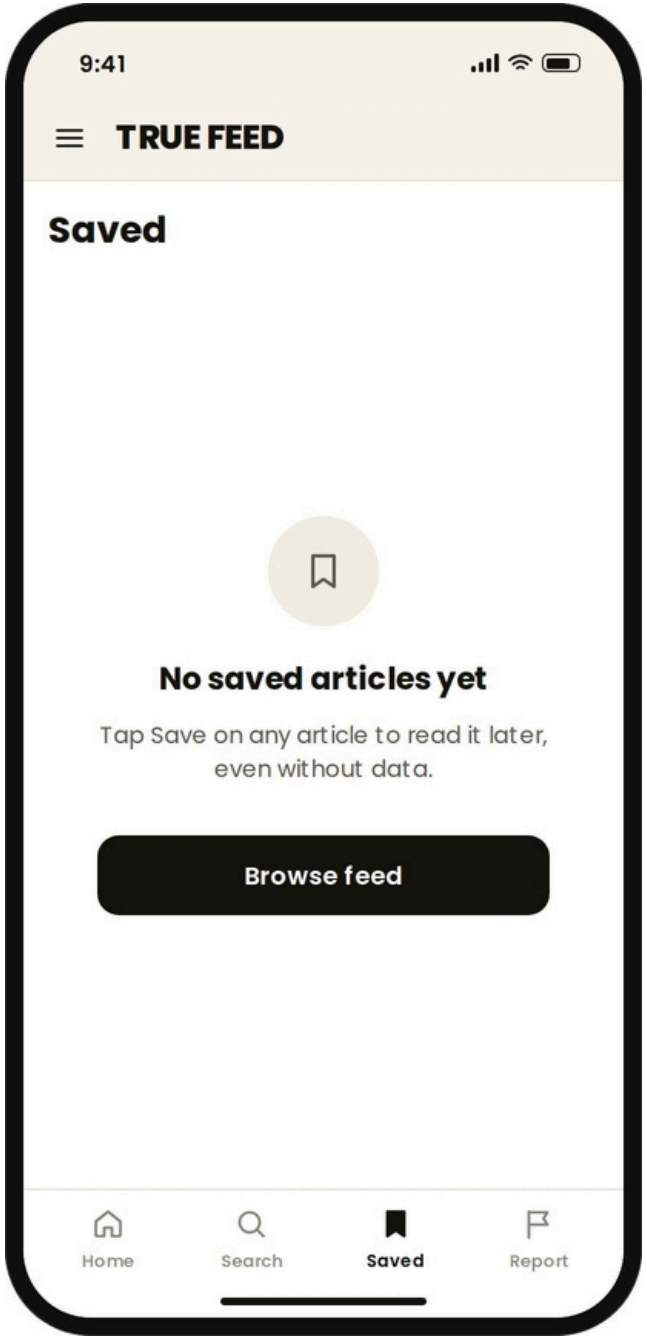

Screen 7 of 8

Saved articles

Thisis yourreading list. Stories yousave are stored on your phone so you can read them later.

Fea t ur es

- Saved stories can be read even without mobile data or WiFi.
- Each story keeps its label and match score.
- Shows when you saved each story.

Screen 8 of 8

Saved articles (empty)

This is what the Saved screen looks like before you save any t hing.

Fea t ur es

- Explains how to save a story.
- The Browse feed button takes you back to the news feed.
